

MAKING THE DIFFERENCE

AWARD-WINNING TEXTILE MANUFACTURER

OUR COMPANY

Bradfor Ltd is an award-winning respected partner and leading manufacturer of textiles for the aerospace industry.

Using the finest materials and latest textile technology, we supply the aviation industry with luxury seat covers that embark on journeys across the globe. Working with cutting edge designers and innovative OEMs,

we produce ergonomic, comfortable seating that enhances a passenger's flight experience, and our expert and technical team also supports MROs by offering dynamic overhaul seating solutions.

INNOVATION

Through continual investment in the latest textile technology, we have grown exponentially, servicing the global aerospace and non-aerospace markets, and building partnerships with many world-leading clients.

We recognise the importance of building strong and dependable relationships with our customers, partners and suppliers and we're always striving for improvement through innovation.

Our established reputation continues to grow from strength to strength.

TEXTILE TECHNOLOGIES

From the initial design concept through to sourcing premium fabrics and adding personalised logos, our highly skilled production team offers an experienced solution to clients that want to create something truly unique.

With a keen eye for detail, every seating component or garment that we create is seamlessly inspected by our expert

team of fabric technologists to ensure that it complies with the latest industry standards.

Lean manufacturing techniques are applied throughout the business to ensure quality products are produced efficiently, enabling us to provide a competitive pricing structure and meet customer delivery schedules.

COMMITTED TO OUR
CUSTOMERS

At Bradfor Ltd, we work with clients across the globe on all sizes of projects - from new design concepts, right through to replacement of products for aftermarket.

We have the capacity to complete large-scale projects on time and within budget.

WE CAN REPLACE WHAT
SEEMS IMPOSSIBLE

Over time aircraft seats go through all types of wear and tear and they need replaced. We can bring them back to life with our extensive seat re-upholstery service.

Alongside partner approved design organisations we offer new seat covers for all seat types and this service is available to aircraft operators, the aerospace supply chain, Maintenance, Repair and Overall (MRO) sector as well as design organisations.

A CAA approved airline supplier, all of our seat covers and components comply with current aviation regulations.

QUALITY
GUARANTEED

Premium Quality Products

Three Year Manufacturer's Guarantee

25 Years of Excellence

Bradfor Ltd is a reputable member of the ADS and has achieved the SC21 Silver Award, EFQM 5 Star Award, AS9100 and ISO9001 accreditations, as well as the Investors in People Award.

In 2021, we were awarded Part 21 Subpart G approval. Certified by the Civil Aviation Authority Part 21 Subpart G approval is given to organisations that produce goods or equipment for aircraft. Heavily regulated, the programme ensures that the parts produced comply with aviation standards for airworthiness.
